

Heating Kit With Thermostat ZG series

Heating kit with thermostat designed for heating cabinets to maintain optimal operating temperature for the devices inside the enclosure.

visualization of the heating kit with thermostat

features:

- compatible with SZM, SZW, SZWD, and SZWM series,
- designed for installation in 10" or 19" rack mounting rails,
- opening thermostat allows automatic heater shutdown when the internal cabinet temperature exceeds the set value,
- rail connectors ensure convenient installation,
- perforated TH35 mounting rail,
- heating kit consisting of a heater with a power rating of 50W or 200W, powered by 230V,
- recommended installation at the bottom of the cabinet.

standards and certificates:

- flammability class V0 acc. UL 94,
- PN-EN 62262 - impact protection degree IK 20,
- REACH Regulation No 1907/2006/EC,
- RoHS 2011/65/UE.

Therefore, the products shown in the illustrations and photographs may differ slightly from the actual state.*

Heating Kit With Thermostat ZG series

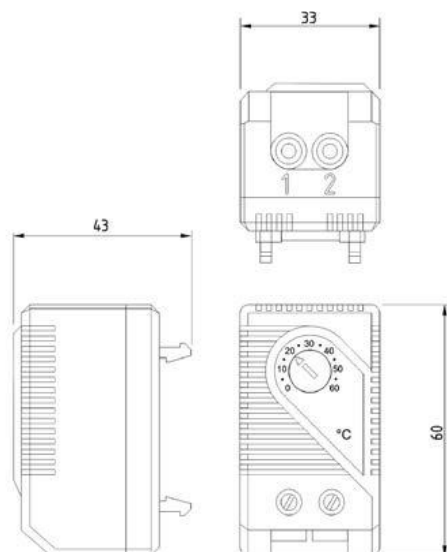

technical specifications:

Thermostat	KTO-011
dimensions [width x height x depth][mm]	33 x 60 x 43
sensor type	thermostatic bimetal
max. operating voltage AC [V]	250
max. inrush current [A]	16 for 10 sec.
temperature setting range [°C]	from 0 to +60
hysteresis	7 +/- 4
operating temperature [°C]	od -45 do +80
mounting type	DIN 35 mm mounting rail (EN 60715)
ingress protection degree IP	IP 20
flammability class	V0 acc. UL 94
weight [kg]	~0,04
material	plastic
available colors	RAL7035
